Important Information About Unexpected Early Pool Closings

1. To help determine weather related pool openings and closing, park district management uses current and future weather conditions as posted on Weather Underground. A link is at the top of our home page, DPParks.org.
2. For the safety of our guests and staff, we will temporarily close the pool when: the **ThorGuard Lightning Detection System** sounds a warning; when thunder is heard; or when lightning is seen.
3. Weather conditions will be reevaluated every 30–45 minutes in an effort to reopen for the day.
SORRY, NO RAIN CHECKS!
4. We will close the pools early when there are fewer than 20 swimmers at Chippewa or Iroquois Pools, or fewer than 50 swimmers at Mystic Waters present for an hour and/or the temperature dips below 70 degrees.
5. If at pool opening the temperature is less than 70 degrees, the pool will open for one hour. Closing will then be determined, by the pool manager, based on attendance.

Safety Breaks are called at approximately 2:00p, 4:00p and 6:00p daily, at all pools, and more often when deemed necessary by the pool manager. Each break is a minimum of 15 minutes. **Adults 18 years and older may swim during these Safety Breaks.**

Adult Swim is scheduled at Chippewa Pool on Tuesdays from 6:15–9:00p. *Adults are 18 years and older.*

Raft Nights are held Mondays and Fridays at Chippewa Pool and Iroquois Pool from 7:00–9:00p. The use of certain types of rafts is subject to management discretion. Rafts and floats are never allowed in the deep end of the pools.
