| Reduce to Equate |  Exception: During playoffs, coaches may play with the \# of players needed to field a team (4th-8th grade leagues) |
| Slaughter Rule | When the goal differential between two teams reaches 5 goals ( $5-0 ; 6-1$; etc) the team that is leading must remove one player for 1st -8th grade leagues |
| Explanation^ | As the goal differential increases above 5 goals, the team that is leading must continue to remove one player from each additonal goal scored for 1st -8th grade leagues. |
|  | If scoring continues and the team falls below the minimum \# of players rule, this would result in a forfeit. DO NOT RUN UP THE SCORE!! |
|  | For 1st-8th grade leagues; the team that is leading and playing down may "add" a player as the goal differential decreases below 5 goals. |
