# ONLINE WEB REGISTRATION INFORMATION

QUICK • EASY • SECURE

**Online registration is available through our website.** Registration is still available in person, by mail and via fax.

**Eligibility:** Anyone who completes the **Web Registration Enrollment Form** for their household, and provides proof of residency (a driver's license or copy of a current utility or tax bill), will be issued a user ID and password with which to access the new Des Plaines Park District registration website. Please note that you will need a valid e-mail address in order to receive confirmations, receipts, and important program related announcements.

**Available Programs:** Most of the Des Plaines Park District programs are available for online registration. Those that are not have some prerequisites, including tryouts or instructor approval.

**Instant confirmation:** With online registration you will receive confirmation as soon as you have completed the payment process for each program. If a class is full, you will be able to place your name on the waiting list, just as you would with an in-person registration.

**How do I get started:** Complete your Web Registration Enrollment form. Drop off, fax, or mail it, *along with proof of residency*. We will send you a letter with your family's online registration User ID and Password.

More information and a downloadable copy of this form are on our website: [www.dpparks.org](http://www.dpparks.org)
